

National Emergency Management Advanced Academy (NEMAA) FEMA Region VI (State Host: Texas)/FY24 Application Process

Purpose:

To provide an overview of the National Emergency Management Advanced Academy (NEMAA) program and the Federal Fiscal Year (FY) 24 application process for FEMA RVI (State Host: Texas).

Program Description:

The [National Emergency Management Advanced Academy](http://training.fema.gov/EMPP/leaders.asp) (<http://training.fema.gov/EMPP/leaders.asp>) is a component of the [Emergency Management Professional Program \(EMPP\)](https://training.fema.gov/empp) (<https://training.fema.gov/empp>).

NEMAA reinforces the qualities needed to lead emergency management programs by exploring relevant management theories and concepts and uses case studies to enhance Emergency Management (EM) skill sets. NEMAA participants work within a collaborative environment on projects and establish a network of peers.

NEMAA is designed for mid-level managers/professionals with a background and experience in an Emergency Management (EM) position who want to advance their careers. Participants gain the knowledge critical to EM responsibilities, such as program management and oversight, effective communication at all levels, integrated collaboration, and strategic thinking.

NEMAA provides participants the opportunity to demonstrate their critical thinking ability through a guided NEMAA Paper. Students apply the key learning concepts from the NEMAA curriculum relative to their own experiences, challenges within their organizations, and within their own contemporary community environments.

For more information, visit the NEMAA website at: [National Emergency Management Advanced Academy](https://training.fema.gov/empp/advanced.aspx) (<https://training.fema.gov/empp/advanced.aspx>).

Target Audience:

NEMAA is designed for Emergency Management professionals with a background and experience serving in an organization or significant role directly connected to the Profession of Emergency Management or an organization in an associated field, such as: Public Health, Higher Education, Medical, and Private Sector organizations with a role in emergencies and disasters. This includes:

- Employed or directly connected (ex: Volunteer) with Emergency Management (EM)
 - Examples: State, Local, Tribal, Territorial, Military, Federal and Consortium EM Agencies
- Directly Connected with the Profession of Emergency Management (EM) or a Recognized EM Organization
 - Examples: Public Health, Higher Education, School Systems, NGOs, Private Sector, Business Continuity/EM
