

**Asst/Assoc/Full Professor Homeland Security & Emergency Management**

This is a full-time faculty position in the Homeland Security & Emergency Management bachelor's degree program. The successful candidate will have research interests and professional qualifications in emergency management and/or homeland security. Potential also exists for teaching graduate courses in public administration or urban studies. Interest and qualifications to conduct research in and teach disaster planning and policy, research methods, technology applications, hazardous materials response policy and management, public health and disasters, intelligence process, and/or homeland security are preferred. Doctorate preferred; master's plus appropriate experience acceptable; understanding of HBCU mission and values important. Review of applications begins February 15, 2010, and will continue until filled. Submit three copies of cover letter, application (available at [http://www.savannahstate.edu/faculty-staff/human-resources/forms/academic\\_app.pdf](http://www.savannahstate.edu/faculty-staff/human-resources/forms/academic_app.pdf)), CV and three references with contact information to Chair, HSEM/Political Science Faculty Search Committee.
